

1ER CRU «LES MÉNÉTRIÈRES»

Locality (on this 1er Cru): Les Ménètrières, Les Insarts, Les Prâles

Origin of the name of the climat and the locality, explanation of the grouping: This is where the procession of musicians or minstrels would gather during village festivities. "Mesnestrel" or "Menetrier" are Old French words, one of their meanings being "poet or musician who travels from castle to castle singing verses or reciting stories."
